*The Goa government on Saturday announced that it would create 100 new water bodies in its forests for wild animals as part of its measures to reduce human-animal conflict.*

The Goa government on Saturday announced that it would create 100 new water bodies in its forests for wild animals as part of its measures to reduce human-animal conflict. Chief Minister Pramod Sawant, in a video message released on the occasion of World Environment Day, also said the state forest department will plant five lakh fruit-bearing trees in the forests.

In a separate video message on Friday, he had said that the state government is focusing on reducing human-animal conflict. He said that 250 youth will be trained as rangers to inform people about the
