Union Minister for Industry and Civil Aviation, Suresh Prabhu noted in a speech yesterday that cement consumption in India is around 235 kg per capita against global average of 520 kg per capita, which shows significant potential for growth. In 2022, Maldives, Clean India Campaign will boost in infrastructure used in projects.

He made a statement which has been prepared by the Department of Industrial Development and Cement plants in India. The country produces 298 million tonnes per annum grinding capacity.

Industry and Civil Aviation, Suresh Prabhu noted in a speech yesterday that cement consumption in India is around 235 kg per capita against global average of 520 kg per capita, which shows significant potential for growth. In 2022, Maldives, Clean India Campaign will boost in infrastructure used in projects.

The government is releasing the compendium on "The Cement Industry - India 2018". The compendium has been prepared by the National Council for Cement and Building Materials (NCCBM), in association with cement section of the Department of Industry and Internal Trade (DPIIT). It contains key information about technology and business opportunities for Indian cement industry along with an exhaustive directory of cement plants in India. The cement industry is the second largest in the world with an installed capacity of 509 million tonnes. The country's cement production of 298 million tonnes in 2018 with 143 integrated cement plants, 102 mini cement plants and 62 mini cement plants in the country.
