

Participants Project List for the Internet Course on “Environmental Management” during September – December 2014-15

Sl. No.	NAME	Projects
1.	Aditya Rajan Ayare	Environment Profile of Gandhinagar (Ecology and Environment)
2.	Ajit Kumar Satpathy	Role of indoor and outdoor environment quality in the professional’s behavior (comparative assessment based on samples)
3.	Akanksha Kumar	Carrying Capacity of Belandur ward
4.	Akash Tripathy	Environment profile of Berhampur, Odisha
5.	Akhil K S	Eco-mapping in Nilambur, Kerala
6.	Anabadya Nandi	Urbanisation trends and developmental plan for Kolkata, West Bengal
7.	Anandhan B	Environment profile of Guwahati city, Assam
8.	Anirban Mondal	Environment auditing in IT industry
9.	Ashish Anand	Challenges and opportunities in patenting: environment products - innovative and novel design
10.	Bento Thomas	Land use dynamics and environment quality in Goa
11.	Bhagyalakshmi M G	Bioremediation to mitigate water pollution
12.	Chandan M C	Geo-visualisation of rapidly urbanizing landscapes (agent based landscape modeling)
13.	Deepa G K	Environment literacy in Bangalore (among professionals, based on online survey)
14.	Dhanraj	Environment quality in Bangalore (comparative assessment of highways and inner city)
15.	Digvijay Desai	Environment profile of Vosco, Goa
16.	Gargi Singh	Environment status of Yamuna river, Delhi
17.	Gobinath M	Green buildings: Performance analysis and scope for further innovations
18.	Jagadeesh G	Sustainable transport plan for Bangalore
19.	Jasbir Karat Mottammal	Environment profile of Thamarassery, Kerala
20.	Lee Ann Antao	Mining in Goa: Environment perspective
21.	Maheshwaran Venkataseshan	Environment friendly design in a gas based power plant

22.	Majid Hussain Qadri	Ecology and Environment status of 3 select wetlands (focus on flora, fauna, water quality and social aspects)
23.	Mukesh Kumar Shrivastava	Environment profile of Varanasi, UP
24.	Nanda Kumar E	Comparative assessment of water treatment plants
25.	Natasha Aggarwal	Groundwater quality of Bangalore
26.	Neha Satheesan	Environment status of Yelahanka, Bangalore (focus of lakes and groundwater resources and waste management)
27.	Prashant S Kulkarni	Environment literacy in Nashik
28.	Pravin Sethi	Prospects of bioremediation (to treat sewage)
29.	Priya Nagesh Deshpande	Performance analysis of Environment friendly buildings (conventional) and modern design in Kolhapur
30.	Punit Kumar Verma	Environment friendly waste management in explosives manufacturing industry
31.	Raja Sekhar Samudrala	Performance evaluation of Effluent treatment plant in consumer healthcare industry
32.	Sachin Parashar	Prospects of Innovations towards sustainable energy systems
33.	Saira G Chandy	Insights to soil microbes (in kans, evergreen forests, deciduous forests, ginger crop field, acacia plantations) and their role in nutrient management
34.	Satyaveer Singh	Environment implications due to mining (legal vs. illegal)
35.	Shama Sultana R	Environment assessment of hydro projects (small vs. micro and large)
36.	Sharath H Aithal	Low Carbon city: design and analysis of environment parameters
37.	Shashi Prakash	Environment audit of steel industry
38.	Shweta Gupta	Ecology, biodiversity, hydrology linkages in Western Ghats (landscape dynamics, spatio temporal patterns in rainfall, linkages in geology, lithology and climate with vegetation)
39.	Sivakumar G	Landscape dynamics in Chennai
40.	Smitha Venkatesh	Air quality of Bangalore: Zone wise analysis
41.	Soumyaranjan Sahu	Air quality (highways) and carbon sequestration by trees Kendrapara, Orissa

42.	Sriram K	Environment auditing in steel sector (based on case study)
43.	Sudhir M Darveshi	Achieving success in environment sector considering design/tasks perceived 'impossible'
44.	Sujith Kumar S	Environment auditing in oil industries
45.	Swati Gupta	Spatial distribution of flora and fauna in Western Ghats
46.	Udayakumar Pattedar	Environment auditing of coal based thermal power plants
47.	Vandana Singh	Eco friendly management of e-wastes of electronic city
48.	Vani Kulhalli	Human behavior responses to changes in the local environment quality
49.	Vayyasi Kavya	Environment profile of Hyderabad (threats to natural resources due to 'T' formation and mitigation measures)
50.	Vijayasekaran D	Land cover dynamics in Ramnathpuram district (focus on vegetation)
51.	Vijeta Ananth Kumar	Environmental profile of lakes in Bangalore
52.	Yogita Karpate	Energy auditing in an automobile industry
