This study is on solid waste management at different locations in Bangalore city. It mainly aims at finding an effective method to treat solid waste. Survey was conducted for about five days at different places of Bangalore. The places we selected for our survey are Vagrahalli, Avallahalli, Amruthnagar, Doddakallasandra, Kothnur, Subramanyapura, Eshwar layout, HSR sector 1 and 2, Mangampalya, ITL layout, Bommanahalli, Begur road, Hongansandra, J.P nagar, Jayanagar, BTM layout, Madivala lake, Chuncugattalake, Subramanyapura lake and Puttanahalli lake. The results are documented and recommendations are incorporated.
